D-F 50TH ANNIVERSARY TODAY

FIRST ISSUE WAS ON SATURDAY, NOVEMBER 13, 1869

STARTED BY MOREHOUSE

The Todd Family Has Been Connected With the Paper For Forty-five Years of Its Existence

Fifty years ago this date—Saturday, November 13, 1869—the first edition of the Nodaway Democrat was issued and hence today we are celebrating our fiftieth anniversary.

An Historical Summary.

A. P. Morehouse, who afterwards was lieutenant governor of Missouri, being elected in 1884, and succeded to the governorship of the state at the death of Governor Marmaduke in 1887, was the founder of the Nodaway Democrat. His partner at that time was A. C. Bluel, who retired from the paper in 1870, and Mr. Morehouse took a partner in W. J. Sloan. The first papers were seven column folio in size. The new firm enlarged the paper to an eight column folio and continued it until September, 1874, when it was purchased by James Todd, George W. Martin and Byron A. Dunn. Mr. Dunn at that time was principal of the Maryville schools and was a silent partner in the Democrat. In the latter part of January, 1875, Mr. Dunn sold his third interest in the Democrat to Martin & Todd and bought a controlling interest in the Maryville Republican, which paper he conducted until May, 1888. He bought the Republican of Dr. H. E. Robinson, and soon after he sold in 1888, Dr. Robinson succeeded to its ownership again, which he retained until his death in 1908. Governor Morehouse died in 1891.

Martin & Todd, having great faith in the county, and believing it should have a substantial and progressive paper, early conceived the idea of purchasing a cylinder press and enlarging the Democrat to a nine column folio. This they did in 1878. The paper grew so in favor and circulation that it became necessary to run the presses by steam, and in June, 1878, the first paper in the county printed by steam power was issued from the Democrat office. From 1869, when it was started, to October, 1881, the paper was published upstairs over the Nodaway Valley Bank. In October, 1881, the office was moved into the Roseberry block, West Third street, first building west of the Yehle Dry Goods store. In 1885 the office was moved to the upstairs part of the building at the northeast corner of Third and Market streets, and in 1890 it was moved on to the first floor of that building, where it was located until 1910, when the Democrat, with the Nodaway Forum, purchased the Maryville Republican and the three papers consolidated into the Maryville Democrat-Forum, with its office in its present location on West Third street.

December 1, 1890, Byron E. Condon became a part owner of the Democrat, and a daily was started. This was run until October 1, 1895, when, on account of the sickness of James Todd of typhoid fever, five physicians giving it as their opinion that he could not recover, the daily was discontinued. January 8, 1898, Mr. Condon sold his interest in the paper to Mr. Todd, who was the sole owner of the paper at the time of his death, January 31, 1907, when his son, James Todd, Jr., succeeded to the management of the paper and has been connected with the paper since that time. Mr. Condon, after selling his interest in the Democrat in 1898, remained with the paper as foreman and having charge of the advertising and mechanical department until his death in 1909.

In June, 1910, the Democrat, with the Nodaway Forum, which was owned by W. C. Van Cleve and N. S. Demotte, purchased the Maryville Republican and consolidated the three papers into one paper, called the Maryville Democrat-Forum. A few years later Mr. Demotte sold his interest in the paper to Mr. Van Cleve, who is now publisher of the Moberly Monitor-Index, of which he and Mr. Todd have a controlling interest.

For a little over forty-five years of the fifty years of this paper the Todd family have been connected with the paper, the late James Todd being editor of the Democrat for thirty-three years, his son, James Todd, Jr., has been editor for the past twelve years, and his son, Walter S. Todd, became connected with the paper in 1910.

This paper has always enjoyed a good patronage and now has the largest circulation of any daily paper published in the same size in Missouri. It has always been the aim and ambition of this paper to be reliable, careful and conservative and to always stand for the best in this community.

PERFECTS PROCESS FOR REBUILDING AUTO TIRES

H. W. Kramer Has a New Method Which Practically Insures Them Puncture and Blowout Proof

H. W. Kramer of the firm of Sewell-Kramer Motor & Tire Co., of this city, has perfected a process of rebuilding tires that gives them great thickness and strength, making them practically puncture and blowout proof.

The process consists of vulcanizing on the inside of the casing and curing by dry steam, adding to the good fabric of the old tire more fabric and more rubber without over-curing any portion of the unworn fabric or side walls of the tire, but making it much thicker than when it was when new. After this is done, a new tread is put on of the best new rubber and cured in the big vulcanizing presses in the same manner in which a new tire is made.

This makes a tire of great strength, built solidly together of perfectly cured materials. Mr. Kramer has been perfecting the process for the past three years and the tires have been tested for six weeks before putting them on the market.

PAPER SUPPLY IS SHORT

Publishers Are Using Ten Per Cent More Paper Than the Mills Produce

New York, Nov. 13.—Material increases in advertising and subscription rates, limitation of the size of newspapers and provisions in advertising contracts whereby rates can be adjusted monthly or quarterly, were among the recommendations made yesterday by a special convention of the American Newspaper Publishers' Association, called to consider the news print shortage.

The report of the resolution committee, adopted unanimously, follows:

"Paper manufacturers have told us that there is a world-wide shortage of paper. At the present rate of consumption the newspapers are using about ten per cent more paper than is being produced.

"This means an annual shortage on the present basis of approximately 200,000 tons. Your committee, therefore, recommends:

"That the regulations of the war industries board for the conservation of news print be strictly adhered to, and that the full text of all these regulations be sent to all the daily and Sunday newspapers in the United States, whether or not they are members of the A. N. P. A.

"That publishers everywhere be urged to materially increase advertising and subscription rates, and at the same time, limit the size of their issues.

"That no newspaper enter into a yearly contract for advertising at a fixed rate, but make rates adjustable monthly or quarterly.

"That the paper committee strongly discourage the hoarding of print paper.

"That the white paper committee and the legislative committee of the A. N. P. A. urge the enactment of such legislation as will permit the development of water power so that our timber may be made fully available for the manufacture of wood pulp lumber and paper, and we also recommend that congress be urged to take steps that will induce the Canadian government to repeal the order in council prohibiting the export of wood cut from crown lands.

"We recommend that the president appoint a committee on conciliation for the purpose of adjusting differences between publishers and competitive territories, that the members of this committee be selected with the view to governing the entire country; that this committee formulate such plans and recommendations as will assist in adjusting existing differences so far as possible; that each member of this committee be given allotment over certain territory and be authorized to appoint subcommittees to deal with conditions in cities or competitive territories with that area.

"It is further recommended that this committee keep the print paper committee of the A. N. P. A. informed as to its problems and accomplishments, that the entire membership of the A. N. P. A. co-operate with this committee to the end that it may result in the greatest benefit to all most vitally concerned."

In line with the recommendations of Franklin P. Glass, president of the association ,that publishers co-operate with news print manufactures, a committee of the publishers conferred with a committee of the American Pulp and Paper Association, which began a four-day convention at the same hotel. The results of the conference were largely embodied in the resolutions which were adopted. R. S. Kellogg, secretary of the news print service bureau, told the convention that the mills were unable to increase production, as they were running at 100 per cent capacity.

"Every paper," Glass said, " should agree to cut down its average number of pages, both week day and Sunday, by a considerable percentage, and then hold down its advertising volume to a fixed number of pages. This will probably necessitate an arbitrary reduction of at least 33 per cent in volume of business.

"Radical advance should be made in advertising rates. The percentage of increase should be such that they will hold back the advertising that has poured into our offices and bids fair to continue during the next year."

TOLEDO CITY TRAVELERS USE GASOLINE ROUTE NOW

Daily Consumption is Forty Thousand Gallons Since the Street Car Service Is Off

Toledo, Nov. 13.—The daily consumption of gasoline in Toledo has leaped to forty thousand gallons as a result of the discontinuance of all street car service. It is estimated today that there are seven thousand automobiles more than ordinarily in service, plying the streets and reaping a harvest of coins.

NODAWAY CATTLE TO CALIFORNIA

BUYER OBTAINS 30 HEAD HEREFORDS FROM WILSON HERD

PAYS $25,000 FOR 1ST.

R. C. Jacks of Salmus, Canvasses the Country to Obtain the Best Which is Found Here

Ronnie C. Jacks of Salmus, Calif., one of the prominent stock raisers of that state, purchased yesterday of O. F. Wilson & Son of Burlington Junction, thirty head of registered Hereford cattle, which will be shipped at once to his ranch at Salmus.

A total price of $25,000 was paid for the thirty head. Mr. Jacks has been making a thorough canvass of the country seeking for the best cattle he could obtain. He has inspected a number of herds before making his purchase, and after his inspection of the Wilson herd and of their registration, he found these cattle to be the best bred Herefords of any he had seen. Mr. Jacks already has a very fine herd, and with the additional cattle bought of the Wilsons, will have one of the finest in the country.

H. S. WOULD PLAY GALLATIN FOR THANKSGIVING GAME

Coach Zeigler Is Trying to Arrange for Game Here—Three Teams Hold an Even Score

Coach L. E. Zeigler of the High school foot ball team is trying to arrange a game with the Gallatin team to be played at Maryville on Thanksgiving Day. An offer has been made to Gallatin to come here and should it be accepted, the game between Savannah and Maryville will be played next week. There will be no game tomorrow.

The Maryville H. S., Richmond and Gallatin teams are the only teams in Northwest Missouri Inter-high school association which hold an even record, each of the three teams holding a score of six straight victories with twelve points scored against each.

The Maryville team sent challenge to Richmond for the Thanksgiving day game, but it was refused.

Hopkins Pastor Resigns.

During the pastorate of Rev. R. R. Watts, the Baptist church of this city has grown in numbers, the membership and congregation being larger than at any time in the history of the church, much of the credit being due to this energetic young minister and it comes as a big surprise to hear that he has resigned as pastor and expects to leave Hopkins the first of December probably going to a broader field. He has not only enlarged the membership but the edifice as well, a Sunday school room and basement soon to be completed, so he will leave affairs in fine shape for whoever may folow him.

Rev. Watts is a graduate of one of our state schools and before taking up the ministry engaged for several years in the newspaper business. He has a pleasing personality, with many years before him so it is safe to predict that he will soon be recognized throughout the state as one of the leading ministers of the church he represents. He will leave this city not only with the best wishes of his members but with the best wishes of the entire community.—Hopkins Journal.

President Spends Morning at Work.

Washington, Nov. 13. — President Wilson spent the entire morning in a wheel chair and did considerable work, according to the report by Dr. Grayson. He was ordered back to his bed soon after noon, however, and is now working on his message to the next congress.

CITY WATER SUPPLY SHUT OFF TODAY

HIGH WATER OF RIVER PREVENTS WORK OF SUCTION VALVES

SCHOOLS CLOSED FOR DAY

Lack of Water for Boilers Shuts Down Light Plant Temporarily—Will Haul From the River

The city water supply has been completely shut off since early last night on account of trouble at the pumping station. The high water of the river during the heavy rains has flooded the suction boxes with mud deposit and the pumps cannot be worked. This trouble will take some time to rectify and the water supply will probably be turned on by night. The exhaustion of water in the reservoir during the trouble with the high water Sunday and Monday has made a complete shut off all over the city.

Both public schools and the State Teachers college are closed today on account of lack of water for the heating plants. For the same reason the lights were shut off for a time last night in the residence part and all street lights off. All plants have plenty of coal for the present. The water company is being loaned coal from the public school supply.

For some time this afternoon the light plant was forced to shut down and the failure to have electric motor power stopped all work at the Democrat-Forum and Tribune offices and other places where electric power is used. Should the water pumps not be repaired Manager Hellmers is preparing to haul water from the river to fill the boilers so that he can give service to the business section tonight.

The high water, which is unprecedented at this season, has not only put at a standstill the work of installing the new intake, but has prevented pumping of water into the reservoirs.

The water in the standpipe is not being used, but held there in case of fire.

GIRLS OF TEACHERS COLLEGE ORGANIZE BASKET BALL TEAMS

Miss Carrie Coler, Coach—Will Play No Games With Outside Teams During This Season

The line-ups and program of work for the girl's basket ball teams at the State Teachers college was completed at a meeting held last night.

Miss Carrie Coler has been appointed coach and there will be three teams with Miss Osa Coler, Miss Fern Scarlett and Miss Velma Appleby captains. There will be no games with outside teams this season. A tournament will be arranged and the rules for this tournament are being worked out now. The rewards in the tournament will be a college letter of merit which will lead to higher rewards. The game will not begin until next quarter. President Richardson met with the students last night and aided them in working out the rules and programs.

The line-up is: First team—Osa Coler, captain; Gertrude Strickler, Lela Ulmer, Alto Argo, Bessie Danner, Sallie Simmons, Abbie Murray, Thelma Shipps.

Second team: Fern Scarlett, captain; Helen Dean, Mabel Hale, Vijune Colden, Jennie Dawson, Wave Hulet, Myrtle Argo, Alice Peery.

Third team: Velma Appleby, captain; Annette Simmons, Ela Johnson, Mabel Houston, Gladys Bookman, Jean Blacklock, Mamie Elmore, Florence Elmore.

URGE FRANCIS TO ENTER U. S. SENATORIAL RACE

Democrats of Fifteenth District Hold Meeting at Joplin — Pass Resolutions Urging Candidacy

Joplin, Mo., Nov. 12.—David R. Francis, American Ambassador to Russia was urged to enter the U. S. senatorial race in 1920 by Democrats of the Fifteenth Congressional district, at a meeting here Tuesday.

A resolution urging him to become a candidate, and declaring he would poll more votes than any other Democrat in Missouri, was adopted.

Following the declaration of Chairman Haywood Scott, that Ambassador Francis would become a candidate if he saw sufficient demand from the Democrats, the meeting authorized Scott to appoint a committee of five for each legislative district in the Fifteenth district to boom a Francis organization. Jasper, Newton, Barton and Lawrence counties were presented at the meeting.

SERGT. ROY DAVID HERE IN OVERSEAS SERVICE 28 MO.

Is With Famous First Division—Will be Released From the Army February First

First Sergeant Roy David arrived in the city Tuesday night from Camp Zachary Taylor, Louisville, Ky., to spend a week's furlough with his sister, Mrs. S. T. Gile, and family.

Young David is with the First Division, and has seen twenty-eight months overseas service. He was badly wounded during the fighting early in October last year and spent a number of weeks in the hospital. His division was the first overseas and was the last to return this summer. A brother, Ray David, was killed in France last fall.

David is with the 26th infantry and will be released from service February first, next. After a visit here with his sister he will go to Kansas City to visit two brothers, Frank and Walter David.

Illinois Miners Ignore Strike Recall Order—No Appeal From Injunction Proceedings Decision

Washington, Nov. 13.—One of the stiffest fights ever engaged in between two groups representing labor and capital is expected during the conference of coal miners and operators called by Secretary of Labor Wilson to begin tomorrow morning at eleven o'clock.

Indianapolis, Nov. 13.—Pending the outcome of the wage scale conference in Washington, no appeal from the decision of Judge Anderson in the injunction proceedings against the mine workers' officials will be filed, according to the announcement made by the mine workers' counsel. Appeal, however, has been prepared and papers and appeal have been submitted by the union leaders' counsel to District Attorney Black and Special Assistant District Attorney Simms for examination.

Springfield, Ill., Nov. 13.—The mine whistles of Illinois again called the striking miners to work today in vain. Ninety thousand idle miners in the state continued to ignore the strike recall order. This information was given out from the state union headquarters.

OULTINES WORLD FOOD SITUATION

WAR HAS STIMULATED PRODUCTION OF CEREALS

AN ECONOMIC PROBLEM

Unsettled Political Situation Gives No Basis For Conclusions on the Outcome

London, Nov. 13.—"The truth is: There is at present complete uncertainty as to the course the world's markets wil take during the next twelve months."

That was the gist of a statement given to the International News Service by the food ministry in answer to what one should expect in that direction.

"If the problem were purely an economic one," the statement continued, "it would be possible to make a reasonable forecast. But so long as the political situation remains unsettled there are no firm premises on which to base conclusions.

"The war has stimulated the production of corn (cereals) and meat in all of the great producing countries, and if the world's demand for the produce of these countries were no greater than before the war, the supplies in sight would be abundant. The world's effective demand for the immediate future, however, is entirely unknown. It is possible, though, under present circumstances, extremely difficult to estimate the world's present requirements. But effeceive demand is often very different from needs.

"It may be remembered that immediately after the armistice insistent statements were made as to the shortage of grain supplies then existing in Germany; but although Germany has been practically free to buy during the current year, and has been assisted by the Allies to do so, she has, in fact, taken only a moderate quantity.

"While, therefore, on paper, Europe's demands appear very alarming, it still remains to be seen to what extent they will become effective. Not until this problem is solved and the political and economic position of Russia made clear is it possible to make any forecast for the future, and the only safe course is to prepare, as far as possible, for the worst event.

"It is evident that there is a risk during the next twelve months that the world's supplies will be less than the world's demands, in which case, of course, world prices will remain at high levels."

Medicines Used by Monks.

It is claimed that monks of ancient days knew of more than three hundred species of medicinal plants used in general for medicines by these religious orders. While centuries have passed, with all the advance made in medical science, many of our most successful remedies are today made from the roots and herbs of the field, like that good old fashioned remedy, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women from some of the worst forms of female ills, and is now considered the standard remedy. (Adv)

One year's supply of coal for New York, loaded in fifty-ton cars, would make a train reaching from that city to Salt Lake City.

Of republics now existing the oldest is Sar Marino, a tiny country wholly srrounded by Italy and situated near the Adriatic coast. This little republic is said to date from the fourth century A. D.

Warm Garments for Cold Days at Special Prices

We cannot impress on you too strong the values we are offering in coats. Quality is exceptionally good in our line but style has in no wise been sacrificed and the coats bear the stamp of exclusiveness and beautiful making characteristic of the leading eastern makers.

In cloth coats we are showing a selection of fabrics, styles and colorings that include the seasons most popular models, and the price range makes it possible to suit any requirement.

In the plush coats there are several extra fine models in the extra deep heavy plush knowns as "near seal" as well as the beautiful bright silky plushes so much favored this season, many of them are fur trimmed in both black and light colored furs, and the making and trimming is of the very best quality.

Coatees we have just a few left, but these are of a very high quality in the deep plush and fur trimmed. These are selling at special prices. Special reductions in Childrens coats.

Big Suit Bargains

The suits that we still have in stock are a line of specially well made garments in the very latest styles, and no doubt some of them have not been sold sooner on account of the price. But the prices we are now making on them are so low that if you can use a suit at all either now or next spring, you cannot afford to miss the opportunity these prices give you.

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—*and you don't lose a lot when you start to hug the paper around the tobacco!*

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes *where one was smoked before.* Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokesport will ripple your way every time you fill up!

Awaiting your say-so, you'll find toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps Prince Albert in such perfect condition!

Social, Clubs Churches

Eastern Star Chapter.

The Eastern Star Chapter will meet tomorrow night at 7:30 o'clock in the I. O. O. F. hall.

Mission Circle.

Mrs. Harry Todd, Mrs. J. M. McDonald and Mrs. O. M. Gray will be hostesses to the Young Women's Mission Circle of the Christian church Saturday afternoon at the home of Mrs. Todd. Mrs. M. L. Grable will be in charge of the program.

Indoor Picnic.

The Woman's Auxiliary of the Baptist church will give an indoor picnic at the church tomorrow. Every member is invited to spend the day and bring lunch for themselves and families. There will be a program and business meeting at 2:30 o'clock.

Dalby Dinner Guests.

Mr. and Mrs. H. A. Dalby entertained at six o'clock dinner on Tuesday evening, their guests being Mr. and Mrs. E. C. Wolfers Jr., and daughter Miss Mildred and Mr. Jasper Robinson. It is now the plan of the Wolfers to leave within a week for California.—Hopkins Journal.

Penelope Club.

The Penelope Club met yesterday afternoon with Mrs. R. H. Duncan at her home on North Mulberry street. The members spent the afternoon in making little garments to be sent in a Thanksgiving box to the Orphans' Home in Council Bluffs, Iowa. Mrs. J. F. Cook assisted the hostess in serving refreshments. Mrs. Fred Jamison was a visitor and there were fourteen members present.

Mrs. Wellborn Hostess.

Mrs. Ernest Wellborn was hostess at the meeting of the I. X. L. Embroidery Club yesterday afternoon. The afternoon was spent in needle work, after which refreshments were served by the hostess, assisted by her mother, Mrs. Preston Seafers, and Mrs. Anna Stauble. The club is planning a tacky party on Saturday night at the home of Mr. and Mrs. Eugene Rathbun, at which the husbands of the members will be guests. Ten members were in attendance at the meeting yesterday.

Pi Epsilon Pi Dance.

About twenty-nine couples attended the dance which the Pi Epsilon Pi Sorority gave last night at the Knights of Columbus hall. Streamers of rose and old blue, the sorority colors, were suspended from the center dome to the corners and walls of the hall, and the lights were shaded with rose shades. The two punch bowls were presided over by Miss Jennie Garrett and Miss Marie Wright, and the sorority colors, interspersed with evergreen, were used to decorate the tables. Schumacher's orchestra was screened behind palms and boxwood trees. The programs, containing eighteen numbers and three extras, were done in rose and old blue. The dance was the first social function of the sororiety, and was a decided success. The guest list included Misses Mabel Cook, Alice Peery, Mabel Arneit, Dorothy Dale, Thelma Hunt, Ora Barmann, Anna Bainum, Eleanor Smith, Stenna Dooley, Vi June Colden, Marjorie Wilfley, Lillian Carpenter, Mildred Shinabargar, Gladys Bookman, and June Blagg, Harry Gray, Paul Miller, Loren Price, Aubrey Lyle, S. MANY LIKE THIS IN MARYVILLE

Similar Cases Being Published in Each Issue.

The following case is but one many occuring daily in Maryville. It is an easy matter to verify it. You cannot ask for better proof.

J. N. Bryan, retired farmer, 222 Eleventh St., Maryville says: "At one time I was having trouble with my back and kidneys. I had an intense soreness through the small of my back, which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently, and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Gaugh & Evans' Drug Store. From the first, had relief and as I continued using them, I was benefited in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

The COUNTRY GENTLEMAN

"The Man in the Dark" will be just about the best mystery story you have ever read. It tells of one man's struggles against white caps and moonshiners, of lynching, kidnapping—of the love of a man and a girl.

Let me start your subscription with next week's issue of THE COUNTRY GENTLEMAN, so you can read the whole of this absorbing mystery. For its fiction alone THE COUNTRY GENTLEMAN is worth more than seven times its yearly subscription price; in a year it publishes at least five full-length novels, which in book form sell for $1.50 each. These in addition to 60 to 100 pages each week of the most intensely practical farm articles—which may well give you suggestions that will make or save you a hundred dollars.
